### 4. CHAIRMAN'S REPORT ON MATTERS ARISING:

19/11/139P 19/10/130P - DCMS consultation on relaxation of planning control for 5G deployment:  
Cllr Errington advised that an online submission had been made. In summary: 5G required line of sight transmission; deployment of tall antennae arrays in sensitive landscapes would be unwelcome; costs would make smaller, multiple array systems unlikely; completion of 3/4G coverage of rural areas would be preferable.

### 5. PUBLIC FORUM:

19/11/140P No matters raised.

### 6. CONSIDER RESPONSES TO DEVELOPMENT CONTROL AND TREWORK APPS:

19/11/141P **NFDC 19/11030: Jays Nest, 4 Council Houses, Salisbury Rd, Blashford BH24 3PB:**  
1 and 2 storey extensions, canopy to front elevation.

Cllr Errington summarised the application.

It was felt that the proposed extensions would overwhelm the rear of the dwelling, were out of proportion and the massing along the boundary would significantly impose on the

adjoining semi-detached property. The intended material finishes would exaggerate this. The approx. 80% increase in floor area was unjustifiable. The extended canopy proposed for the front elevation would remove the current symmetry of the semi-detached properties. It is disappointing that no pre-application advice had been sought from NFDC planning officers.

**DECISION: Proposed and seconded to recommend PAR2 (REFUSAL, but accept the decision reached by officers) to NFDC, with the above observations.**

ALL IN FAVOUR

**19/11/142P NFNPA 19/00763: Woodville, New Rd, Mockbeggar BH24 3NJ:**

Single storey extension, roof alterations.

Cllr Sampson summarised the application.

The proposed addition of a hipped roof extension, and modification of the existing one, with a flat roof infill between would be sympathetic to the rest of the bungalow. The NPA advise in the Parish Briefing that the existing rear extension(s) and conservatory pre-date 1982, though this does not appear to be entirely corroborated by 2009 Google Streetview scenes. There is also a lack of confidence that the proposed additional floor area is within the 30% limit for extensions (DP36).

**DECISION Proposed and seconded to recommend 2 (REFUSAL, but accept the decision reached by officers) to NFNPA, with the above observations.**

ALL IN FAVOUR

**19/11/143P NFNPA 19/00548: Newtown Lane Farm, Newtown Lane, S. Gorley SP6 2PW:**

Agricultural worker's dwelling.

Cllr Wilson summarised the application.

The indicated land ownership plan / acreage in the RAC assessment was thought to be incorrect. Though this revised proposal has a reduced floorspace of 106 sq.m., it was felt the design should comply with a 'new dwelling' limit of 100 sq.m. Close attention should be paid by NFNPA to the business case / viability study submitted. There was some concern that in the future the house might be used for non-agricultural occupancy, with farming operations carried out by off-site labour. Any consent should be very tightly conditioned as to occupancy. The building design was considered to be modest and appropriate to the location, though more information about materials and finishes would have been helpful. The mobile home on site should be conditioned for removal if consent is granted for the application.

**DECISION Proposed and seconded to recommend 5 (accept the decision reached by officers) to NFNPA, with the above observations.**

ALL IN FAVOUR
